WHERE WATER MEETS COMMUNITY

Senate Bill 1383

The California Senate passed a bill requiring a 75% reduction in organic waste disposal by 2025. All residences will be required to participate in this program to recycle organic waste, including food waste.

Organic Waste that decomposes in a landfill releases a significant amount of greenhouse gas emissions that contribute to public health and safety concerns such as asthma, global climate change, extreme weather, and natural disasters. By composting organic waste, instead of sending it to landfills, we can lose the loop on sustainability while creating a nutrient-rich soil amendment that's ready for use in farms and gardens.

Tips to Prevent Food Waste at Home

- Plan ahead: Before you go to the grocery store or order out check the fridge and pantry for anything that needs to be cooked or that you already have and do not need to purchase.
- Serve smart: Aim to cook and serve the right portions for the number of people you are feeding.
- Store food wisely: Different foods require different conditions.
- Check your fridge often: Keep track of what you have and what needs to be used. Eat or freeze items before you need to throw them away.
- Use your freezer: Your freezer can help save your food and time.

Happy Discount Day Seniors

Residents who are 60 years or older and are the head of the household can apply for a discount on their bill. Contact Burrtec Customer Service and forward a copy of your driver's license or California Identification Card to start receiving your well deserved Senior Discount. Call Burrtec Customer Service for application and details.

Holiday Schedule

Please note that services are interrupted on the following holidays:

- Memorial Day

- Labor Day
- Thanksgiving Day
- Christmas Day
- New Year's Day

Seasonal Green Waste Pick-Up

Excess seasonal green waste can be bundled and placed beside your green waste container for pick-up up to two times per year. Tie your prunings into bundles no larger than 18 inches in diameter and 4 feet long and they'll be hauled away at no additional cost. Remember your green waste container is for grass clippings, brush, prunings, leaves, twigs, weeds and branches smaller than 6 inches in diameter. Green waste is composted or recycled and is part of reducing the waste stream. If you consistently have more green waste than can be stored in your container, call Burrtec Waste Industries at (909) 987-3717.
