DROUGHT & WATER CONSERVATION

To comply with statewide water conservation mandates, the City of Rancho Cucamonga has stopped irrigation of “non-functional” turf within some City parkways. This does not include trees and grass used for recreation, such as sports fields, school yards, and parks.

For more information on water regulations and the drought, visit www.cityofrc.us/droughtinfo.

With the funds collected, LMD 9 maintains landscaping in public areas such as turf, ground cover, shrubs, trees, trails, sprinklers, irrigation systems and the following park:
