## DROUGHT & WATER CONSERVATION

To comply with statewide water conservation mandates, the City of Rancho Cucamonga has stopped irrigation of “non-functional” turf within some City parkways. This does not include trees and grass used for recreation, such as sports fields, school yards, and parks.

Visit [www.CityofRC.us/droughtinfo](http://www.CityofRC.us/droughtinfo) for more information on water regulations and the drought.

With the funds collected, LMD 6-R maintains landscaping in public areas such as turf, ground cover, shrubs, trees, trails, sprinklers, and irrigation systems within the District.
